

BELL COUNTY BAR ASSOCIATION PARALEGALS

April 2010

President's Message

As our year comes to an end, it is actually just the beginning for the new board. I wish the new board members the best of luck and look forward to working with them this coming year.

I would like to give a special thanks to Esther Stoneburner and her committee for FINALLY getting our cookbook to press. We still have some cookbooks for sale, so if you need additional cookbooks or if you have not gotten any at all, please contact either myself, Patricia Simecek or Sari Bridge.

Our annual seminar was a great success AGAIN. Thanks Kathy Taylor for all your hard work.

I would like to thank my board members: Brooke Johnson, Cathy Beaman, Mandy Clark and Billie Sue Scales; for all their hard work and dedication to our organization. I would also like to thank Brenda Colvin for attending all of our board meetings and assisting us.

I attended TAPA in Beaumont last week. This was my first TAPA conference and I really enjoyed it. Friday, April 9th was an all day seminar. Our first speaker had a talking dodo bird as her prop. It was a really good session, especially for being our first speaker. Then after lunch we had an attorney that put on a skit/game show. That was really interesting considering he was speaking on premises liability. The door prizes that were given out were awesome. On Friday night, we went to Gator Country for our social. We had a presentation by one of the rescuers (Trent) from Gator 911, a live band and then we had a little Cajun buffet. Everyone seemed to have a great time. Saturday we listened to all of the associations give there report on what they had been or are doing during the year, I came back with some good ideas that I will present to the board for the next year.

Again, thanks to everyone for all of your support.

President Cindi Evetts
